

UK Brassica Research community annual meeting

24th November 2020

Zoom meeting

<https://york-ac-uk.zoom.us/j/94530579867?pwd=clZGQkFDaytxa1pTQjBPTEdpL2ZPd09>

Meeting ID: 945 3057 9867

Passcode: 028539

Agenda

9:00 **Welcome**

Jon West (Rothamsted Research) and **Lenka Havlickova/Rachel Wells** (University of York/ JIC)

9:10 **Tom Bennett** (University of Leeds) In need of arrest: understanding floral duration in OSR

9:20 **Henrik Stotz** (University of Hertfordshire) Update of Research on Brassica Pathogens

9:30 **Shannon Woodhouse** (JIC) Associative transcriptomics for *Brassica* Vegetables

9:40 **Andrea Harper** (UoY) Mapping the genetic basis of yield and quality traits in *Brassica juncea*

9:50 **Marc Jones** (JIC) ORDER: Oilseed rape developmental expression resource

10:10 Short break

10:20 **Richard Morris** (JIC) How to design your vernalisation response using dynamic FLC combinatorics

10:30 **Laura Siles-Suarez** (RRes) Which phenotypic traits are most relevant to seed yield in *Brassica napus*?

10:40 **Peter Eastmond** (RRes) Production of human milk fat substitute in oilseed rape

10:50 **Fred Beaudoin** (RRes) Valorising sterols in rapeseed oil.

11:00 **Patricia Ortega-Ramos** (RRes) Integrated pest management strategies for cabbage stem flea beetle

11:10 **Abraham Gomez-Guitierrez** (JIC) Mapping new sources of resistance to Downy Mildew in *Brassica oleracea*

11:20 Brassica community resources update (various)

11:30 Open discussion

12:00 End
